

VIMAGO ASSIST ADMINISTRATOR

Learn how to setup up Vimago for Assist projects in your organisation

This module is an optional add-on to the Vimago Administrator course. It is specifically designed to train Administrators how to set up Vimago for Assist authoring teams.

Throughout the session, you will be able to practise your skills in a live learning environment with help and guidance from our expert instructors.

YOU WILL LEARN ABOUT

- Setting up Assist users, roles, licences and permissions
- Configuring Vimago target applications for Assist projects
- Customising platform themes and Assist templates
- Defining Assist runtime options

MODULE TOPICS

- A quick tour of Assist
- Assist users setup
- Target application setup
- Themes & Assist templates
- Assist options

WHO SHOULD ATTEND

This course is suitable for users with the Platform Administrator licence.
